Complaint about health care services

In order for the Patients' Advisory Committee (Patientnämnden) administration to be able to investigate your case in the best way, the following information is needed. You can use any language. A relative can also fill in the form and it can be done by hand or digitally. You can also find it on www.patientnamndenstockholm.se, but due to confidentiality, we would like you to print the form and send it by normal mail (not e-mail) to us. Do not forget to sign the form.
